PROJECTS 📁

Personal Portfolio (React)

The Personal Portfolio React Project showcases my skills, experiences, and projects in an engaging and interactive manner. Developed using React, this project serves as a digital representation of my professional journey and showcases my expertise as a front-end developer.

Web App Clone (Netflix & HotStar)

The Netflix and Hotstar Clone Web App is a dynamic and engaging project that replicates the functionalities and features of popular streaming platforms, Netflix and Hotstar.
By recreating the core features of Netflix and Hotstar, this clone web app demonstrates my proficiency in React and showcases my ability to build engaging and functional web applications.

PROFILE 👤

Innovative optimized solution seeker. Excited to be at the deployment phase of my new career as a web developer. i am ambitious, adventurous, assiduous, animated and an repetition task developer.

Motivated and skilled Front End Developer with a passion for creating visually appealing and user-friendly web applications. Experienced in developing responsive websites using modern web technologies and frameworks. Proficient in HTML5, CSS3, JavaScript, and various front end frameworks. Committed to delivering high-quality code and collaborating effectively with cross-functional teams to achieve project goals.

EXPERIENCE 📋

Humanity For Trust (NGO) (Jun 2022 - Aug 2022)
Web Developer Intern

During my 2-month experience as a Front End Web Developer at Humanity for Trust NGO, I had the opportunity to contribute to the organization's mission of creating a positive impact on society through digital platforms.

This experience provided me with valuable insights into the non-profit sector and the opportunity to contribute my technical skills towards creating a positive impact. It also allowed me to further develop my abilities as a front-end developer, refining my proficiency in web technologies .

PMorgan Chase & Co (Jan 2023)
Software Engineer Intern

During my one-month virtual internship at JPMorgan Chase & Co. as a Software Engineer Intern, I had the privilege of working with a dynamic team of professionals and contributing to the development of cutting-edge software solutions. Despite the remote nature of the internship, I actively engaged in various projects and gained valuable hands-on experience in the financial technology sector.

Cisco Certified Network Associate (CCNA) (June 2023)
Industrial Training

During my one-month CCNA Industrial Training, I immersed myself in the world of industrial networking and gained valuable knowledge and practical skills in the field. This training focused on Cisco Certified Network Associate (CCNA) Industrial certification, which is specifically designed for professionals working with industrial networks.
